March 1st. 1894

Edison Electric Light Co.,

#909 Walnut St.,

Phila.

Mr J.T. Maxwell-

Dear Sir:-

Replying to yours of the 28th regarding trouble found at the Philada. Mint: We would say, we found quite a number of cut-outs in some of the rooms with a coating of carbon in which there appeared to be metal, making an escape of the current.

Yours respectfully,

K.
